experience

| | | |
|-----------------|--|-------------------|
| 06/2021-Present | Mimari Terim - https://mimariterim.com/ Founder Mimari Terim is an online Turkish architectural dictionary for students, architects, construction workers and all those interested in architecture and design. Each term has a short and clear definition with an image or sample drawing. I regularly add new terms and manage content, SEO, marketing, social media and design. | Istanbul - Turkey |
| 01/2020-Present | Roomlay - https://www.roomlay.com/ Founder Roomlay is a platform designed to show visitors a range of room layout samples and furniture mood boards for living rooms, bedrooms and home offices. I have designed over 200 layouts and mood boards for various rooms types. Besides creating the logo and designing the website, I regularly create floor plans, mood boards and publish new articles. | Istanbul - Turkey |
| 03/2016-06/2019 | Koleksiyon Furniture - https://koleksiyon.com.tr/ Exclusive Projects Designer Koleksiyon manufactures furniture and creates designs for cultural and business centers, residential and hospitality facilities, corporate offices and home environments. I managed the interior design process of exclusive client projects such as hotels, hospitals, executive offices. <ul style="list-style-type: none">Produced detailed 2D and 3D design drawings and concept designs using software such as AutoCAD, 3ds Max and Photoshop.Designed workplace interior projects including furnishing and furniture design.Created photorealistic visualizations and presentations for clients. | Istanbul - Turkey |
| 10/2014-01/2016 | Antre Design Office 3D Visualization & Project Architect Created digital 3D models and architectural concept drawings for clients. Prepared design concepts and detailed preliminary architectural and interior drawings. Designed floor plans, elevations, 3D views and material boards for both in-house reviews and client presentations. <ul style="list-style-type: none">Garanti Bank & TEB - Created detailed drawings of bank branches and prepared progress payment documents of various projects.Ege University Technopark - Architectural drawing (LEED project) | Istanbul - Turkey |
